DOUBLE HEADS COMMUNITY HOLDS ANNUAL PICNIC

The annual Double Heads community picnic sponsored by the Home Demonstration Club was held Friday, August 4, at the Rex Lowery fish pond in Wilkinston. The early arrivals enjoyed an exchange of conversation while waiting.

About fifty people, including several visitors from out of the community, enjoyed the visit.

The lunch was enjoyed by everyone present. Games were played after lunch after which the delightful affair came to an end.

Autumn Classic

The Basin Home Demonstration Club met at the home of Mrs. F. E. Meek on July 19 at 9:00 for an all day meeting. Making aluminum and red trays was the object of the meet. At noon a delicious dinner was served to the attending members.

The business meeting was called to order 3:00 P. M. by the president, Mrs. W. W. Meek. Twenty-six members, three visitors and the home agent were present.

Minutes of the previous meeting were read and approved. Roll call was answered by "A demonstration I'd like to have next year." A report was given by the chairman of the club picnic committee, Mrs. Gordon Cain, stating that the picnic would be held on August 3 at Lake Jackson, Florida. The party is to leave Basin at 2:00 P. M. and each family was asked to carry a picnic lunch, a chicken to be fried, sweetened tea, plates, forks and glasses.

The question of helping finance the bookmobile was discussed and the majority voted for the club to pay \$25.00.

The meeting was turned over to Miss Mathews who gave a lesson on handcraft. She gave out cook books along with other books on knitting and crocheting.

After the meeting adjourned refreshments were served by Jacqueline Meek and Charlene Jones, with Mrs. F. E. Meek and Mrs. W. W. Meek as joint hostesses.

A very interesting reading was presented by Jacqueline Meek.

BASIN CLUB ENJOYS FAMILY PICNIC

The Basin Home Demonstration Club members and their families met at Lake Jackson in Florida on Aug. 12 with 112 present, 22 of which were guests. A large number of those present enjoyed a swim.

After an evening of fun and relaxation, two tables were placed together and covered with a beautiful meal including about 75 fried chickens, bread, salad, stuffed eggs, sandwiches, pies, cakes and a tub of iced tea.

Beulah was furious. She stormed into the house. Candia tried to be calm and explain that she and Barnaby had loved each other all along. They had had the courage to tell

Beulah. You — you vixen! Beulah shrieked.

A gasp passed. The girls went about their duties without speaking.

The doctors reported the wheezing patients, so severely afflicted they are unable to walk, to talk in complete sentences, or to walk a flight of stairs, are finding complete or partial relief.

The doctors report ACTH will be used in the tough, advanced cases—those for which the cause remains hidden. The scientists told of treating 10 asthmatics and three hay feverists falling into that category.

A 54-year-old man, had asthma so severely he once fainted for 21 days to get relief. He had undergone surgery, X-ray, radium and other forms of treatment with no success.

Twenty-four hours after starting on ACTH he had complete relief. After being taken off ACTH he had recurrences, but each succeeding treatment was successful.

Protection after using ACTH is not permanent. It must be repeated at intervals of a few weeks.

They were silent on the drive to town. Even when the car lights went out for no explainable reason neither of them said anything. Silently Beulah got out, lifted the hood, dia covered a fuse was blown, and having no spare, tried to produce a makeshift from a hairpin. It began to look as though there was nothing to do but continue on foot, when suddenly the connection was made and the lights flared up.

In the glare of the headlights a man and a woman, evidently having come up in the darkness with out knowing of the truck's presence, were standing in close embrace.

The man was Barnaby Xerxes. Nobody said anything for a moment; then Barnaby turned and began walking swiftly away. The girl followed him.

Beulah got into the truck. She started the motor. She looked at Candia. Candia looked at her.

"Oh, shucks!" said Beulah presently. "let's go back and milk the cow and call it a day."

"Oh, let's!" cried Candia.

SHORT STORY

Farm Girls

By Richard Hill Wilkinson

BEULAH and Candia had met in the New York office of the attorney and Brown, attorneys. They became fast friends because they found something in common. That something was a desire to live on a farm in the country.

They talked about it incessantly. Then Beulah came through with the great idea.

"Let's work hard and save for a year. Then let's pool our resources, make a down payment on a small farm and—live there!"

"But we don't know a thing about farming. We've both lived in the city all our lives. We couldn't make it pay."

"We could," Beulah said. "if we could do the two things we worked and saved. They spent evenings on end at the library reading books on small scale farming."

When spring came they drove up into the country and called on the farmers who had offered them homes for sale. The second place they visited proved exactly what they wanted. It was a small, white, tree-shaded house with a big barn, a henhouse containing a flock of 100 birds, a cow, a horse, a pig and several cultivated acres.

It was a swell idea. Best of all, they made a profit. The enterprise would likely have developed into something lasting, had it not been for Barnaby Xerxes.

He was a radio singer, suffering from a nervous breakdown. He had come to Elba to recuperate. Beulah met him one day on a deserted section of country road. He was walking and she gave him a lift back to town in the delivery truck.

Beulah was thrilled. During the days that followed she hated going out evenings and leaving Candia home alone, but obviously, Barnaby and she couldn't take the other girl everywhere with them.

Beulah was wondering how, when Barnaby proposed marriage and she accepted him, she was going to break the news to Candia.

Two nights later Beulah delivered a half dozen fowl to the village church for its semi-annual supper, and was returning home earlier than she was expected. Lights were on in the front room and through the window she saw Barnaby holding Candia in his arms, kissing her.

Beulah was furious. She stormed into the house. Candia tried to be calm and explain that she and Barnaby had loved each other all along. They had had the courage to tell

Beulah. You — you vixen! Beulah shrieked.

A gasp passed. The girls went about their duties without speaking.

Wonder Working Hormone Relieves Asthma Victims

CHICAGO — Dr. Theron G. Randolph and John P. Collins, of Northwestern university, have announced that the most stubborn cases of asthma are yielding to ACTH, the wonder-working hormone.

STRAWBERRIES
The strawberry patch should be kept free of grass and weeds through the summer months in order to allow new plants to develop.

Beulah. You — you vixen! Beulah shrieked.

A gasp passed. The girls went about their duties without speaking.

The doctors reported the wheezing patients, so severely afflicted they are unable to walk, to talk in complete sentences, or to walk a flight of stairs, are finding complete or partial relief.

The doctors report ACTH will be used in the tough, advanced cases—those for which the cause remains hidden. The scientists told of treating 10 asthmatics and three hay feverists falling into that category.

A 54-year-old man, had asthma so severely he once fainted for 21 days to get relief. He had undergone surgery, X-ray, radium and other forms of treatment with no success.

Twenty-four hours after starting on ACTH he had complete relief. After being taken off ACTH he had recurrences, but each succeeding treatment was successful.

Protection after using ACTH is not permanent. It must be repeated at intervals of a few weeks.

They were silent on the drive to town. Even when the car lights went out for no explainable reason neither of them said anything. Silently Beulah got out, lifted the hood, dia covered a fuse was blown, and having no spare, tried to produce a makeshift from a hairpin. It began to look as though there was nothing to do but continue on foot, when suddenly the connection was made and the lights flared up.

In the glare of the headlights a man and a woman, evidently having come up in the darkness with out knowing of the truck's presence, were standing in close embrace.

The man was Barnaby Xerxes. Nobody said anything for a moment; then Barnaby turned and began walking swiftly away. The girl followed him.

Beulah got into the truck. She started the motor. She looked at Candia. Candia looked at her.

"Oh, shucks!" said Beulah presently. "let's go back and milk the cow and call it a day."

"Oh, let's!" cried Candia.

The local county agent can tell farmers how they may learn more about U. S. grades and standards of different farm products.

Marine Private Battled Nazis When Only Fourteen

CAMP LEJEUNE, N. C. — When Marine Pfc. Lawrence "Lambert" of New York tells of fighting Nazis and Fascists at the ripe old age of 14, many of his buddies are a little skeptical but his is no idle boast.

Lambert participated in many partisan sabotage activities including bridge blowing, but they and small scale warfare, when the Germans occupied that country.

Even though he was a native Italian and didn't enter the U. S. until 1946, Lambert is a fully naturalized citizen under United States law because his father came to this country in 1939 and pulled a lever.

People, Spots In The News

IT'S NOT SNOW these Australian kids are playing in. It's sea foam tossed ashore by heavy storms.

A small paint brush treated with liquid furniture polish is convenient for dusting dark floor or furniture corners that are difficult to reach.

If sawdust bread is too fresh to slice easily, place it in the refrigerator and allow it to chill thoroughly. It will thus harden enough to be easily sliced.

Here is a way to use your left-over rice: make the leftover rice into cakes, fry in bacon fat, and serve with maple syrup.

Because of their tendency to scorch easily, heat honey, molasses, and chocolate at low temperatures.

To peel cold ripe tomatoes easily, rub the whole tomato with the back of a paring knife. Then the tomato can be easily peeled, and the necessity of scalding is eliminated.

TURNIPS
Shogun turnips, under favorable circumstances, will produce food ready for the table within three to four weeks from the time seeds are planted. It is the best variety of turnips to plant during July and August. Other varieties are more desirable for late fall months, winter, and spring.

SHORT FOR JACKPOT
It got its name "an armed bandit" because of the low percentage of payoff. Manufacturers claim the machines are built to pay 75 cents on the dollar. But they can be fixed to pay out nothing of 10, 20, 40, or 60 percent of the cash that is poured into the slot.

Most players, of course, shoot for the big pay-off—the jackpot. The odds on hitting it have been calculated all the way from 1,000 to 1 to 4,000 to 1.

But it does not seem to matter about the odds, thousands of people seem to like playing them. The only constant money makers, however, are the owners.

There are no records to show who owns all the machines around the country, nor how many millions they yield for their owners. The California commission on organized crime, however, estimated that the annual "take" by people who control slot machines is probably around two billions.

DETROIT Man Is World Champion Blood Donor

EAST LANSING, Mich. — Foster Clark, 44, janitor and newspaper proprietor, was not impressed by the claim of a Columbus, O., man that he was second in line for the world champion blood donor, or the claims of an Englishman for the championship. The Englishman was supposed to have donated 78 pints while the Ohio man had donated 70.

Clark said he was unimpressed because he had Red Cross and blood bank record to prove his donation of 186 pints of blood since 1930.

"There are probably others who have given as much blood as I have," Clark said. "But it burned me up to have that guy in Ohio claiming his 70 pints was the second best in the world."

A former West Virginia coal miner, Clark said he started giving blood in 1930 when a call went out for donors after a mine disaster.

"I walked eight miles over the mountains one night to give a man a pint of blood," he said, "and then walked back home again in time to go to work in the pit in the morning."

Man Afraid of Paper Money Leaves \$40,000 in Silver

EAGLE RIVER, Minn. — Bert C. Bennett, of Evanston, Ill., once told his wife that he feared paper money would become worthless. Mrs. Bennett forgot about it until she opened her husband's safety deposit box following his death.

There she found a note telling her of a secret vault in their summer home near Eagle River. With the aid of the sheriff she located the vault and found \$40,000 in coins, neatly stacked in paper wrappers in 60 metal boxes.

Mrs. Bennett did not know about the hoard of nickels, dimes, quarters and half dollars. It took two trucks to move them from the home to the bank.

Mrs. Bennett said she thought her husband may have started collecting the coins in 1938.

"I remember him telling me," she said, "that he had decided to save the first few bottles you take—you get your money back. Only \$1.25 for Trial Size, \$3.50 Family or Hospital Size, \$3.50."

Slot Machines Have Had Long, Lavish Career

CHICAGO — The slot machine, better known perhaps as the "one-armed bandit," has had a long and lavish life, but may have a short and stingy future. The federal government has a bill under consideration that may wipe them out.

Meanwhile, the manufacture of slot machines such as vending and service machines, juke boxes and pin ball games, as well as the "one-armed bandit" is centered in Chicago.

The first slot machine was believed invented about 1815 in California by Charles Fey. Production in Chicago began about the turn of the century. There are eight firms in the city making the machines at the present time.

Legal In 7 States
The internal revenue bureau's records show there are 69,768 places in the country paying the \$100 per machine tax. This would not, however, indicate the true number of machines in existence. Estimates range as high as 200,000.

The machine is legal in only seven states. Nevada allows all forms of gambling. It permits coin-operated devices for gaming on a local option basis. Washington, D. C., allows them in private clubs. Criminal codes forbid gambling in Louisiana and Tennessee and Alabama, but they have statutes that set license fees for gambling devices.

The machines have changed little since they were invented. They usually have three vertical wheels, on which are painted pictures of cherries, plums, oranges and the like. The player puts in a coin and pulls a lever. The wheels spin and when certain combinations come up the player wins. But mostly they

LEGAL NOTICES

STATE OF ALABAMA
COFFEE COUNTY
IN THE CIRCUIT COURT OF
COFFEE COUNTY, ELBA
DIVISION

TO THE HON. BOWEN W. SIMMONS, Special Judge of said Court:

We, the Grand Jury, empaneled by Your Honor on August 3rd, 1950, hereby submit our final report.

We have investigated 39 pre-arrestments, and return herewith 16 indictments, consisting of 11 felonies and 5 misdemeanors.

On our inspection of the Jail Property, we found the same to be clean and well kept. The property is in fair condition with the exception of some windows that are in need of repair.

We have inspected the books and records of the County Office, and find them to be neatly and orderly kept. On our inspection of the Court house, several things were noted that should be done. The wiring all through the Courthouse appears to be defective and should be checked by an expert to determine whether said defects are dangerous. We suggest that the Commissioners' Court have this matter attended to at their earliest convenience. More lights are needed in the vault of the Probate Office, and additional outlets are needed in the Tax Collector's office. It was observed that the floor in the Tax Assessor's office is in need of repair. That portion of the roof over the Health Office and the Collector's office appears to be leaking very badly. This roof damage is done to the building. It is recommended that consideration be given to furnishing blinds to the Sheriff's office and the Health Office. The office of the Superintendent of Education needs repainting. It was also observed that several window panes are out of the windows. These panes should be replaced.

It has been observed by the Grand Jury that the Court yard has not been leveled since the repair was done. It is recommended that the Court yard be leveled.

About People and Things

By C. B. McDowell

RECEIVES 5 YEAR DEFERMENT

Dr. and Mrs. W. M. Ringsdorf, and sons, Marshall, Frazer and Ben, visited relatives in Birmingham several days last week. While there, arrangements were made at the Birmingham Dental College for Marshall to complete his course and get his degree at Ashbury College, Wilmore, Ky., next year and enter the dental school the following year. He was classified as coming under the essential professions as a dental student and received a five year draft deferment.

Mrs. Ringsdorf's father, Mr. J. C. Frazier, who had been in Birmingham visiting relatives, returned to Elba with them. The Ringsdorfs have purchased a new automobile.

S. S. CLASS EATS CHICKEN

The Men's Bible class of the Methodist Sunday School enjoyed a chicken supper at the home of M. L. Lee, Miss Sybil Cain, Deal on Brantley Road Friday evening. The two back yards are that the large brick furnace with oven, built between the two yards makes an ideal place for holding such gatherings. Ben F. Conner and the Messers Lee and Deal formed the serving and cooking combination and a good meal was enjoyed by those present.

At the supper were Ben F. Conner, M. L. Lee, E. H. Goyt, Luther Vaughan, C. B. McDowell, Dana B. Perdue, Tommy Thompson, Roger Winston, Fred Johnson, Mayo Prescott, Robert Cooper, Rev. Fred Davis, P. H. Sellers, Kermit Crook, Roy Murphree and James Wise.

BULLARDS FLY TO GERMANY

Lieut. and Mrs. Lamar Bullard recently flew to Boebingen, Germany. Lieut. Bullard is assigned to the 54th Engineer Combat Bn. His parents, Mr. and Mrs. William Bullard, received word from Germany that the couple arrived at their destination safely. The flight taking only one day.

VISIT OLD PASTOR

Mr. and Mrs. C. B. McDowell, Mrs. Mary Newton and son Robert, visited in the home of Rev. W. K. Blake, pastor of the Presbyterian Church in Ozark, Sunday afternoon. The McDowell family assisted Rev. and Mrs. Blake in founding and organizing St. John's Presbyterian Church in Miami, Fla., in 1926. The early services were held in one of the county fairgrounds buildings. Later a fine church was constructed and St. John's has grown to be one of the important churches of that city.

TALLEY CAFE REOPENS

The Talley Cafe has reopened under the management of Harold Conner, well-known and popular Elba cafe man. Under the management of Mr. Conner, who was in the food business for many years, he learned the business from the ground up. Later Harold served as mess sergeant in the army. Then he operated the Conner Oyster Bar on the lot now occupied by the Elmore store on the south side of the square. The Conner eating places have been popular in the past and the Talley Cafe, under Harold's management, should carry on the Conner reputation. See another announcement in this issue.

TALLEY CAFE REOPENS

The Talley Cafe has reopened under the management of Harold Conner, well-known and popular Elba cafe man. Under the management of Mr. Conner, who was in the food business for many years, he learned the business from the ground up. Later Harold served as mess sergeant in the army. Then he operated the Conner Oyster Bar on the lot now occupied by the Elmore store on the south side of the square. The Conner eating places have been popular in the past and the Talley Cafe, under Harold's management, should carry on the Conner reputation. See another announcement in this issue.

Illegal Benefits Get Elba Man \$55 Fine

Colley Holland, Route 1, Elba, was fined \$50 and \$5 costs before Justice of the Peace Hub Haire last Thursday on a charge of drawing \$45 in unemployment benefits to which he was not entitled.

He also was instructed to pay back the \$45 to the state. Other penalties include loss of the privilege to claim for other benefits during this benefit year.

Howard, field representative for the state department of Industrial relations, testified Holland was working for Flock Lumber Co. and therefore wasn't eligible for benefits.

Howard also said the state is cracking down on violators.
